Bachelor of Engineering in Computer Science, Panjab University

2016 - 2020

SKILLS

Technical Skills	Javascript, React, HTML5, CSS3, SASS, GIT.
Familiar	Node js, Express js, Three js, Tailwind, Styled Components
Other	GIT, VSstudio, Postman, Canva

EXPERIENCE

Freelance Developer

Self-employed

Jan 2021 - Present

Bengaluru, KA

- Have been Building scalable UI for a variety of clients along with a Team of Developers.
- Developed a variety of reusable components in react.

PROJECTS

Portfolio. This is a Personal Portfolio Project to showcase my skills as a developer. The project includes the Front-end Stack of React js, javascript, and SASS. Some Three js is also used to make the website interactive enough for Users. ([Try it here](#))

Booking App clone. Built a Booking app project that has different pages using react-router. It's a clone of the booking.com website. ([Try it here](#))

Netflix UI clone. Built a Netflix UI clone and tried to cover as many dynamic components and workings of the website. ([Try it here](#))

Admin Dashboard. Built an Admin Dashboard using React JS, and React-router and Implemented Dark mode using Context API. ([Try it here](#))

EXTRA-CURRICULAR ACTIVITIES

- Actively Participated in College Fests as a member of the organizing committee.
- has been a part of various activities with RIYO NGO.

LEADERSHIP

- Handled Teams of more than ten people during college for various activities like marketing and publicity.
